On the evaluation of DisCSP algorithms

Title | On the evaluation of DisCSP algorithms
---|---
Publication Type | Conference Paper
Year of Publication | 2004
Authors | Brito I [1], Herrero F [2], Meseguer P [3]
Conference Name | The Fifth International Workshop on Distributed Constraint Reasoning (DCR04) Toronto, Canada September 27, 2004 held in conjunction with Tenth International Conference on Principles and Practice of Constraint Programming (CP 2004)
Number | 5
Pagination | 142-151

Abstract
Not every research paper in DisCSP evaluates algorithms in the same way. Motivated by this fact, we revise some elements of the area of distributed algorithms as well as distributed constraints, which can help to develop a wellfounded methodology for evaluation of DisCSP algorithms. Although preliminary, we suggest a number of points which should be considered in such methodology.
